The contractor will be seeking lottery grant aid. The budget for the project is well within the funds allocated by the PC and the design remains true to the design put out to substantial consultation within the Parish. The balance of section 106 funds need to be used within the allotted time frame of 15 and the PC planned for this to be used for another substantial over hall in maybe 10 years' time. Marianne is due to have a meeting with the contractor in Feb and hopefully work will commence soon after. Marianne will be the project manager. The PC agreed to reduce the number of benches from 7 to 4 and that an additional picnic table should be sourced from the supplier of the existing table. The PC thanked Kathy for all her hard work on this project.
