

Over Peover Parish Council

Polite Note

The village is has become a popular destination for walkers during the past year and as a result we are experiencing increased incidences of illegal parking.

As a reminder, white lines on the edge of rural roads are edge markings that indicate no pavement and as a safety measure no parking or waiting is allowed, this is covered by a fixed penalty notice.

Similarly parking on pavements that causes obstruction to prams and wheel chairs is classed as an obstruction, and no parking within 10 metres of a junction is allowed.
