

## VILLAGE HALL BURSTING WITH CREATIVE FLAIR

The Over Peover WI flower arranging classes have become a permanent fixture in the events calendar and the wreath making class remains the most popular of the year.

Twenty two ladies arrived with bags of fresh foliage and plenty of enthusiasm. All of them had attended the class the previous year, so teacher Marilyn gave a quick reminder of what to do - she made it look so simple. The group quickly set to work and the room was filled with chatter as wreaths were assembled. Marilyn was on hand to offer advice, along with the odd adjustment of foliage. The time just whizzed by and the end result was a splendid display of wreaths - all different and all fabulous!

Beautiful wreaths ready to bring festive cheer to any door.

A follow up class was planned and Marilyn explained what the group would be doing and what was needed - wool, wire and flowers, it sounded very intriguing.

Two weeks later and we were back at the village hall, this time creating a centrepiece in a star design. Using simple but very effective tips, the results were amazing!

The next classes will be Easter, if you are interested in joining us look out for the notices or contact **june\_leach48@yahoo.co.uk** or **07500 250969** for further details.
